EDUCATION

Kalinga Institute of Industrial Technology (KIIT)

Bachelor of Technology in Computer Science – CGPA: 8.30

Sept. 2022 – May 2026

Bhubaneswar, India

EXPERIENCE

Founder's Office Associate

Sept. 2025 – Jan. 2026

Mind Webs Ventures

Kolkata, India

- Led client meetings, translating user needs into technical specifications and coordinating cross-functional delivery between engineering, design, and business teams.
- Managed a team of engineers and designers using Agile sprints, overseeing multiple product features from ideation to deployment.
- Represented the company at India Mobile Congress 2025 (Delhi) — 4 days of product pitching and industry discussions.

Engineering Intern

Feb. 2026 – Present

Mind Webs Ventures

Kolkata, India

- Building production-grade full-stack web and mobile applications using React, React Native, Node.js, Express, and MongoDB.
- Designing system architecture, writing REST APIs, and owning features end-to-end from technical spec to deployment.

UI/UX & Frontend Development Intern

May 2025 – Aug. 2025

Mind Webs Ventures

Kolkata, India

- Architected the frontend for a consumer e-commerce app, building 50+ reusable React.js components with a unified design system.
- Optimized web performance via code splitting and lazy loading, reducing page load times and improving user retention.
- Shipped multiple MVP features weekly in coordination with UI/UX and backend teams.

PROJECTS

Zenith — Local-first personal tracker PWA | React 19, TypeScript, Ant Design, Dexie, Framer Motion

Ongoing

- Designed and built an offline-first dashboard tracking training, nutrition, sleep, hydration, study, and bike fuel — zero backend, 100% of data stays on-device.
- Engineered a two-screen gym engine (Session Logger + Workout Planner, 125-exercise library), a 21-level XP system, 84 achievement badges, and a social leaderboard with friend-follow via share codes.

FitCart | React Native, TypeScript (strict), Gemini 1.5 Flash, react-native-maps

Ongoing

- Leading product and build for a meal-planning app with an AI chat interface that generates recipes and grocery lists tailored to allergies, diet, and cooking skill.
- Shipped an animated 5-step health profile, 52-week planner, and a nearby-store map with a custom Animated API bottom-sheet; cut Android build time from 24 min to under 4 min (83% reduction).

Code Synth | React, Web Audio API, Gemini API

Ongoing

- Engineering a synthesis engine converting code into real-time audio via the Web Audio API at sub-10ms latency, plus a Gemini-powered natural-language-to-music generator.

Aim Trainer | Vanilla JavaScript, HTML5 Canvas, CSS3

Oct. 2024

- Built a browser-based aim trainer for FPS players (Valorant, CS2) with customizable response-time drills, mouse accuracy tracking, progressive difficulty, and per-session performance analytics.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Java, Python, C, HTML/CSS, SQL

Frameworks: React.js, React Native, Next.js, Node.js, Express.js, Ant Design, Framer Motion

Tools & Infra: Git, GitHub, Firebase, MongoDB, MySQL, Docker, Vite, Vercel, REST APIs, Web Audio API

Product & Design: Figma, UI/UX Design, Design Systems, Responsive Design, Agile/Scrum, System Design, Stakeholder Management, Roadmapping

LEADERSHIP & ACTIVITIES

Mentor, Judge & Guest | DriveBlaze Hackathon 2025

UEM Kolkata

- Invited as mentor and judge at University of Engineering & Management, Kolkata; evaluated student projects and coached teams on product thinking and technical execution.

Company Representative | India Mobile Congress 2025

Yashobhoomi, Delhi

- Represented Mind Webs Ventures at India's flagship telecom and tech summit; 4 days of product pitching and discussions with industry leaders.

Attendee | CII Innovation Event 2025 & Capital Markets Conclave 2025

ITC Sonar, Kolkata

- Attended both flagship CII events, engaging with founders, investors, and policymakers on regional innovation and startup financing.

Attendee | Bengal Entrepreneurs Meet-Up 2.0

Kolkata

- Participated in the regional founder and builder community gathering, networking with early-stage entrepreneurs across the eastern startup ecosystem.
